

TERMS AND CONDITIONS

ACCEPTING AND CANCELLING THIS AGREEMENT

1. This agreement becomes effective two (2) days following your receipt of the Certificate of Deposit and these terms and conditions (the "**Effective Date**"). You are deemed to have received this agreement five (5) business days after it has been emailed or mailed to you, if applicable. This agreement shall be binding upon and ensure to the benefit of the parties hereto and their respective successors and assigns.

Unless you notify us in writing within two (2) days of the Effective Date (the "**Cancellation Deadline**"):

- that the information shown in this agreement is not in accordance with your request, or
- that you do not accept all of the terms and conditions applicable to this agreement,

you will be deemed to have provided the instructions indicated in this agreement and to have accepted all of its terms and conditions. If you cancel this agreement before the Cancellation Deadline, the Initial Deposit invested by you will be returned to you in full and without fees or interest. To initiate a cancellation request, please contact the Advice Centre at 1.888.517.7000 or make the request in person at a branch.

2. Before the "**Issue Date**" shown on the Certificate of Deposit, we may decide that we will not issue you a Eco Market-Linked GIC in which case we will return your Initial Deposit to you, without fees, with pre-issue interest as stipulated in section 10.
3. This agreement is subject to the provisions of any application form for an RRSP or any other plan issued by us that you have already enrolled in or signed with us.

ECO MARKET-LINKED GIC

4. You agree to make, or have made, on the "**Initial Deposit Date**" as shown on the Certificate of Deposit, a first deposit (the "**Initial Deposit**"). We will calculate pre-issue interest on your Initial Deposit as stated in section 10.
5. You consent that on the Issue Date the amount of your Initial Deposit and the accrued pre-issue interest (together, the "**Principal**") be reinvested in a ECO Market-Linked GIC (the "**Investment**") maturing on the "**Maturity Date**" as shown on the Certificate of Deposit. The term of the Investment is three (3) years (the "**Term**").
6. We guarantee the Principal of this Investment at maturity. You cannot negotiate, transfer or redeem the Investment and we will not redeem or pay any Principal or any interest on the Principal before the Maturity Date. No secondary market exists for this Investment and none will be established.
7. You may give this Investment as security only to us and only to the extent permitted under current legislation.
8. This Investment is in Canadian dollars. The redemption of the Principal and the payment of interest will be in Canadian dollars.

FEES

9. There are no fees, charges, or management fees applicable to this Investment. Therefore, the interest generated by the Investment for the period between the Issue Date and the Maturity Date calculated in accordance with section 11 (the "**Investment Interest**") will not be affected by any fees, charges, or management fees.

METHOD OF CALCULATION OF INTEREST

10. For the period between the Initial Deposit Date and the Issue Date, the interest on the Initial Deposit will be calculated on the daily balance at the "**Pre-Issue Interest Rate**", as shown on the Certificate of Deposit.
11. The Investment Interest will be determined at maturity according to the variation in the price of the twenty (20) securities listed below (the "**securities**"), in the following manner:

$$\text{Investment Interest} = \text{Principal} \times \text{Rate of Return} \times 100\%$$

where:

"Principal" means the amount of your Initial Deposit together with the pre-issue interest accrued between the Initial Deposit Date and the Issue Date.

"Rate of Return" means the Performance Rate (as calculated using the formula below), expressed as a percentage, but subject to a maximum rate equal to the Maximum Rate of Return and a minimum rate equal to the Minimum Guaranteed Interest Rate.

"Maximum Rate of Return" means the maximum rate of return on the Investment, as specified on the Certificate of Deposit.

"Minimum Guaranteed Interest Rate" means the minimum rate of return on the Investment, as specified on the Certificate of Deposit.

"100%" refers to the rate of participation in the growth of the securities.

AND

$$\text{Performance Rate} = \left[\left(\frac{\text{Valuation CP}}{\text{Initial CP}} \text{ for } S^1 + \frac{\text{Valuation CP}}{\text{Initial CP}} \text{ for } S^2 + \dots + \frac{\text{Valuation CP}}{\text{Initial CP}} \text{ for } S^{20} \right) \times \frac{1}{20} \right] - 1$$

where:

"Valuation CP" means, in respect of a security, the average of the Closing Prices of a security occurring on June 09, 2026, July 08, 2026, and August 10, 2026 (or, if a Closing Price is unavailable on any such date, on the following day on which a Closing Price is available).

"Initial CP" means the Closing Price of a security on August 08, 2023.

"S¹" - "S²⁰" refers to each of the twenty (20) securities, as listed below.

"Closing Price" means, in respect of a security on a particular date, the official closing price for that security on such date as announced by the relevant stock exchange or trading system.

Here are the twenty (20) securities. This list of securities is pre-established and non-negotiable, and subject to change only in accordance with section 22. Each security has the same weighting in the portfolio. We give no opinion on the future price of the securities.

	Security	Stock Market	Currency		Security	Stock Market	Currency
S ¹	KDDI Corp (9433 JT EQUITY)	TYO (Japan)	Japanese Yen	S ¹¹	Goodman Group (GMG AT EQUITY)	Australie SE (Australia)	Australian Dollar

S ¹⁰	Welltower Inc (WELL UN EQUITY)	NYSE (United States)	American Dollar	S ²⁰	Orsted AS (ORSTED DC EQUITY)	Copenhagen SE (Denmark)	Danish Krone

INTEREST LIMIT

12. The Investment Interest is subject to a maximum as described in section 11. At maturity, if the Performance Rate of the securities is higher than the Maximum Rate of Return, then the Investment Interest paid will be capped to match the Maximum Rate of Return.
13. The Performance Rate does not take into account the payment of dividends or distributions on shares or other securities included in the securities.

RISK AND SUITABILITY

14. Since the Investment Interest is tied to changes in the market, this Investment carries a higher level of risk than a traditional fixed-rate investment. It is possible that the Performance Rate of the securities may be nil at maturity, and only interest at the Minimum Guaranteed Interest Rate could be paid. This Investment is different from traditional fixed-rate investments because it does not guarantee a return determined in advance. Also, the Performance Rate based on the performance of the securities can only be known at maturity and is a function of the appreciation (if any) of the securities, which could be subject to major fluctuations in the capital markets. Consequently, we can guarantee only the Minimum Guaranteed Interest Rate at the Maturity Date.
15. The Investment Interest will not be affected by changes in exchange rates, even if the security prices are published in foreign currencies.
16. The Investment is not a direct investment in the securities. Therefore, you are not entitled to the rights or the benefits of a shareholder, such as the right to receive distributions or dividends or the right to vote or attend shareholders' meetings.
17. The Investment Interest is calculated based on an average of certain Closing Prices of each security as described in Section 11. Consequently, the Investment Interest paid out at maturity may not reflect the rate of return on each security between the Issue Date and the Maturity Date.
18. Given the features of this kind of investment, as a potential purchaser, you should consult your advisor to make sure that such an investment meets your investment objectives.
19. This Investment could be an appropriate investment if your investment horizon is at least as long as the Term and you also intend to keep it until the Maturity Date. It also could be an appropriate choice if you wish to diversify your investments and wish to gain exposure to the capital markets. **However, this Investment is not appropriate if you require an income during the Term.**

NON-REDEEMABLE PRIOR TO MATURITY

20. **You cannot negotiate, transfer or redeem the Investment Prior to the Maturity Date, and we will not redeem or pay any principal and interest before the Maturity Date.** We may, at our sole discretion, allow the redemption of the Investment before the Maturity Date in the event of your death. In these cases, interest payable will be calculated to the date of redemption.

RENEWAL AND REDEMPTION OF PRINCIPAL AT MATURITY

21. On the Maturity Date, unless you notify us to the contrary no later than the fifth (5th) business day prior to such date, the Principal and any interest will be dealt with in accordance with the "Action at Maturity" instruction shown on the Certificate of Deposit.

EXTRAORDINARY EVENTS

22. You acknowledge that a disruption in capital markets (e.g. transactions halted due to a sharp drop in, or a problem with the publication of, security prices), a change in the calculation, publication or numeric form of security prices (e.g. a merger, or a stock split), securities facing some financial hardship (e.g. company bankruptcy) or any other extraordinary event or circumstance out of our control and having a significant impact on product management (an "**Extraordinary Event**") may occur and affect our capacity to calculate or pay the Investment Interest or to fulfill any other obligation on the date provided for. If we believe, in our sole discretion, that such an event has occurred, you agree that we may depart from the terms and conditions of this agreement and take any action as deemed appropriate and equitable in the circumstances, including, without limitation, the substitution of securities, adjusting, anticipating or deferring the calculation or the payment of the Investment Interest, or determining the Investment Interest in a different manner. We will determine which measures to take in the above-mentioned circumstances, in our sole discretion, and will take reasonable action and will consider the interests of all stakeholders, in particular, without limiting the scope of the foregoing, those of members with products, our other members, and the interests of Coast Capital Savings Federal Credit Union and its affiliates and successors.

Because the Investment includes the Minimum Guaranteed Interest Rate, an Extraordinary Event will not affect this minimum yield.

ACCESS TO INFORMATION

23. All information provided in the Certificate of Deposit and these terms and conditions shall be available on our website and upon your request. Upon your request for information concerning the value of your Investment, we shall provide you with the net asset value of the Investment on the day of request and how that value relates to the interest payable under the Investment, or the last available measure, before the day of request, of the index or reference point on which the interest is determined and how that measure is related to the interest payable under the Investment.

The performance of the securities is posted regularly on our website. It is intended for information purposes only. The Investment Interest payable will only be calculated on the Maturity Date. Additional information about Eco Market-Linked GICs is available on www.coastcapitalsavings.com or upon request by calling 1-888-517-7000. You may also visit your local branch to speak with an authorized Coast Capital representative. The address of our Help Headquarters is 800 - 9900 King George Blvd, Surrey, BC, V3T 0K7.

TAXATION

24. This Investment is an investment eligible for registered retirement savings plans (RRSPs) and tax-free savings accounts (TFSA). For Eco Market-Linked GICs not held in one of the aforementioned registered accounts, the pre-issue interest calculated in accordance with section 10 is considered to be interest income for tax purposes for the year the Investment is issued. Interest calculated at the Minimum Guaranteed Interest Rate, as described in section 11, must be added annually to your income throughout the entire term of the product, even if it has not yet been paid out. Amounts paid at maturity are considered to be interest income for tax purposes. During the year it is paid, you must add the interest received at maturity, if any, to your income, excluding the amounts taxed in previous years. Compliant tax information slips are issued by us for this purpose. **This information is of a general nature and is not intended to be, nor should it be construed to be, legal or tax advice. You should consult with your own tax advisors for more information having regard to your own particular circumstances.**

AMENDMENTS

25. We reserve the right to make amendments to the terms and conditions of this agreement at any time, in our sole discretion. Prior to making an amendment, we will notify you of the amendment and its potential impact on the interest payable to you. If it is not possible to notify you of the amendment prior to the time the amendment takes effect, we will notify you as soon as possible after that time.

RESOURCE PERSON

26. Should you have questions about the terms and conditions of this Agreement, you may contact an Investment Advisor at 1.888.517.7000

COMPLAINTS

27. If you have a complaint or would like to learn more about Coast Capital's complaint handling procedures, please connect with us in-person at a branch, or by calling the Coast Capital Advice Centre at 1.888.517.7000.

You may also contact the Financial Consumer Agency of Canada (FCAC) at any time. The FCAC may be contacted at:
